

Perspectives on Healthcare Podcast

Guidelines

Thank you for agreeing to be a guest on the Perspectives on Healthcare Podcast. In order to make this experience as easy as possible for you and as beneficial as possible for the listeners, here are some guidelines to keep us all on the same page.

1. We will be using both the audio and video recording of the interview. The audio will be distributed as a podcast ([click here for a partial list of the platforms](#)) and the video will be uploaded to my YouTube channel.
2. This is a podcast for professionals. Please keep your language clean.
3. We use the same questions for every episode:
 1. *Tell me about yourself and how you become involved in healthcare.*
 2. *What does quality healthcare mean to you?*
 3. *Can you give me an example of quality healthcare?*
 4. *What do you wish people understood about your role in healthcare?*
 5. *What excites you about the future of healthcare?*
 6. *What is one thing medical professionals can start doing today to improve the quality of healthcare?*
4. We do not need to mention the name of your employer.
5. I will only post the social media and website links that you are comfortable sharing.
6. Connecting with the show on social media would be most appreciated:
 - a. <http://twitter.com/yourkeynoter>
 - b. <http://facebook.com/yourkeynoter>
 - c. <http://instagram.com/yourkeynoter>
 - d. <http://linkedin.com/company/yourkeynoter>
 - e. <http://linkedin.com/in/imroboliver>
7. Please subscribe to our YouTube channel as well:
 - a. <https://www.youtube.com/channel/UC9ub8CjRQAmXsOEA4s9AYbw>
8. Relax and be yourself!
